

## LENS Blue Mirror Performance Fog Technology Polarized

## FRAME Shiny Black

### DESCRIPTION

The Lionfish™ is a lightweight full-frame design that boasts pop-lock temple hinges that easily snap open and shut. The dual lenses have a 6-base curve and give the user a stylish look. Featuring inset TPR on the nose bridge and temple ends, this style is adaptable to any environment. This model features polarized, precision lenses, which filter out bent light waves reducing glare, eye fatigue, and decreasing reflection off surfaces such as water, sand, and snow. The lenses also have a PFT treatment for advanced fog protection. Thanks to its chemical and physical properties, Performance Fog Technology is a permanent coating that prevents the formation of condensation on the lenses by absorbing the humidity drops.

### FEATURES

- PFT - Performance Fog Technology lens: Better than traditional anti-fog! This water-washable, hydrophilic anti-fog lens coating is permanently bonded to the lens to absorb moisture and evenly disperse it, providing clear, fog-free vision
- Polarized lenses filter out bent light waves eliminating glare, eye fatigue, and decreasing reflection off surfaces such as water, sand, and snow
- Precision lenses block blue rays, which reduces eyestrain, increases visual acuity, and protects from the long-term effects of blue light exposure
- Dual 6 base curve lenses gives it a flatter front look
- Feature pop-lock (locking) temples that snap open and shut
- Lightweight full-frame design
- Inset TPR nose bridge and temple ends
- Meets ANSI/ISEA Z87.1-2020 standards
- Meets ANSI/ISEA Z87.1-2020 anti-fog properties standard

### TECHNOLOGY

All Bullhead Safety® Eyewear is made from 100% virgin materials. This style features lenses and frames constructed with the highest quality polycarbonate.
