

4' x 8' VersaMAT® Ground Protection Mat, One Smooth Side, 95 Ton Capacity, Black - VM48S1

Product Images

Short Description

- 100% recycled high-density polyethylene (HDPE)
- Low-profile slip-resistant traction surface provides impressive grip
- Supports loads of up to 95 tons* - dependent on sub-surface
- Available in black or clear
- Connect together with [Turn-A-Links](#) to form a continuous roadway or work pad
- Man-deployable
- Contours to different ground conditions due to its flexible design
- Also available with a smooth surface
- Limited Lifetime Warranty

Description

VersaMAT® was developed to be a more multi-functional ground protection mat for use where a user is looking for the additional benefit of a walking or standing/working surface with a heavy load capacity for construction equipment. VersaMAT® features a low-profile slip-resistant traction surface making it ideal for pedestrian applications. The standard VersaMAT® has the aggressive AlturnaMAT® tread on one side but is also available with a smooth surface making it truly versatile. Featuring a high load-bearing capacity of 95 tons*, VersaMAT® can also be used as a vehicle track way, vehicle parking area, or staging area for supplies and equipment. Weighing just 86 lbs (39 kg) at its maximum size, VersaMAT® can be easily be deployed by hand. VersaMAT® is manufactured from 100% recycled high-density polyethylene, making it durable and resistant to all weather conditions. VersaMAT® has a flexible construction meaning that the mat will follow the contours of the ground delivering a highly effective access solution on sloping or undulating ground conditions. VersaMAT® can be connected together using our flat [Turn-A-Links](#) connectors ensuring you have a firm and secure trackway.

*Load bearing capacity is subject to ground conditions. Sizing is subject to a manufacturing variance of +/- 5%.

Specifications

Model No	VM48S1
UPC	812542022781
Brand	Checkers Safety™
Color	Black
Quantity Included	1
Pallet Quantity	40
Load Capacity	209,000 lbs or 95 Tons
Load Capacity	95
Length (Inches)	96
Width (Inches)	48
Height (Inches)	0.72
Surface	Tread on one side / Smooth on one side
Hand Holes	No

Prop 65
